

BERKEBILE'S BIO-CUTTER

- The Ultimate Cleaner, Penetrant, and Lubricant!

Berkebile's BIO-CUTTER is a bio-based cleaner, penetrant, and lubricant all in one. It's designed to cut through grease and grime, penetrate rusted or stuck parts, and provide long-lasting lubrication. Whether you're cleaning, loosening, or lubricating, BIO-CUTTER is your go-to solution for tough jobs that require powerful, eco-friendly performance.

Powerful Cleaner

- Cuts through grease, oil, dirt, and stubborn residues with ease.

Fast Penetrant

- Quickly breaks through rust, corrosion, and stuck parts, saving time and effort.

Superior Lubricant

- Reduces friction and wear, ensuring smooth performance over time.

Eco-Friendly Formula

- Made from powerful chemicals that are extracted from nature.

Perfect for Home and the Shop

Automotive & Industrial – Cleans and restores engine parts, tools, machinery, and equipment while breaking through rust and lubricating.

Home & Garage – Cleans and protects household tools, locks, hinges, garage equipment, and more.

Farm & Outdoor Equipment – Ideal for agricultural tools, boats, trailers, and recreational gear.

Heavy Duty Use – Excellent for factories, workshops, and commercial spaces to maintain equipment and machinery.
